### *The "125 Year Challenge" – 400 meters*

On July 1, 1886, Wendell Baker of Harvard ran a world's best in the 440 yard dash at the Beacon Oval in Boston, blowing out his shoe in the process. The time was 47  $\frac{3}{4}$  seconds.

The top eligible male USATF-NE athlete at the 2011 New England Championship in the 400 meters, if they better 47.75 in the 400 (we give you the 2+ meter conversion) will receive **a \$100 prize as well as a gift certificate for a new pair of spikes.**

As there was no record for women at the time, the top USATF-NE female time will be eligible for the same award if they better 55.76 (the equivalent time based on point tables).

### **\*Eligibility**

Eligible means being a current USATF New England member living in the association, not being a current NCAA athlete, and having no future NCAA eligibility.

If the top performer has met the standard, but is not eligible to receive prize money, the next top eligible finisher in the event who has met the standard and is eligible will receive the prize.

All Prize Money will be mailed to winners after verifying eligibility
